

Pergo[®]

Passion for Better

Pergo is a newly established medical company built on more than 35 years of industry experience. Pergo designs, produces and markets innovative and high-tech medical products to global markets through its strong strategic partners.

Pergo develops, manufactures and distributes single/multiple use active and intelligent medical devices with an innovative understanding and exceptional customer service.

Pergo's vision is to be a followed world brand by adopting "creative", "fast", "reliable" and "irreproachable" principles to its all processes.

Suction Liner System

- Highly flexible and transparent suction liner bag.
 - Super durability. Product would not damage even under toughest transport conditions or application.
 - Less transport cost. Approximately %50 less box dimension compared to the same quantity of traditional liners.
 - Less storage cost.
 - Less environmental waste.
 - Economic.
- Centralized and ergonomic removal handles.
 - Easy suction liner removal with one hand.
- Fully automated quality control on each product.
- Wide measuring scale visible from 270 degrees for easy reading.
- Canister scale accuracy: +/- 100ml.
- Built-in brackets of canister provides easy mounting on walls, rail supports and trolleys.
- Different suction tube options are available.
- FDA registered.
- CE marked.
- Latex free.

05TD0019 Eye Safety Tape Sensitive

05TD0020 Eye Safety Tape Pediatric

Mission

To develop, produce and distribute single and multiple use active and intelligent devices with an innovative understanding.

Vision

Maintaining our presence as a world brand.

Biopsy Valve

- Single use.
- Reduces cross contamination.
- Leakage and splash minimization.
- Easy entry of accessories.
- Patented functional design.
- Compatible with Olympus, Pentax and Fujinon endoscopes.
- Sterile / Non-sterile options available.
- Latex free.

05TD0010 Sterile Biopsy Valve (for Olympus-Fujinon devices)

05TD0029 Sterile Biopsy Valve (for Pentax devices)

05TD0030 Biopsy Valve (for Olympus-Fujinon devices)

05TD0031 Biopsy Valve (for Pentax devices)

Light Handle Cover

- Easy to apply.
- Universal design.
- Prevents cross contamination.
- Latex free.

05TD0032 Light Handle Cover

Probe Cover

- Easy to apply.
- Universal design.
- Prevents cross contamination.
- Adhesive Pad model is used without any ultrasonic gel.
- Latex free.
